

## What kinds of Oregon businesses does MarketLink work with?

Well, all of them. We've worked with hundreds of Oregon small businesses, with dozens of specialties. We have grouped them under the ten sectors below to give you a sense of what kinds of businesses receive assistance.

- **Farms & Producers** has included a redwood tree farmer, goat's milk product producer, an orchard, and a hazelnut grower.
- **Non-Profits** generally work in community or economic development, business assistance, or environmental protection.
- **Artisans & Artists** includes a jewelry maker, photographers, repurposed material artists, and a tattoo artist.
- **Pet Product Producers** has included several pet treat or food producers, dog and cat toy designers, and many specialty pet retailers.
- **Green & Sustainable** has included solar energy technology designers, solar panel installers, an eco focused soil producer, as well as a green event planner.
- **Retailers** is very diverse, but include children and baby products, a natural food grocer, and multiple boutiques.
- **Consultants and Professionals** has included janitors, lawyers, book keepers, consultants of many varieties, health practitioners, and educators, among many others.
- **Designers**, grouped into interior, industrial, fashion, craft, and landscape.
- **Restaurants, Chef, Caterers** has included several food carts and coffee shops, bakeries, full service restaurants, a baby food producer, and caterers of many specialties.
- **Manufacturers** has included everything from a llama wool hat maker to a specialty auto parts manufacturer.
